International scientific journal «FUNDAMENTAL AND APPLIED RESEARCH IN PRACTICE OF LEADING SCIENTIFIC SCHOOLS» (ISSN 2313-7525) is a peer reviewed open access journal, which is co-published in Canada.

Serial interdisciplinary periodical “FUNDAMENTAL AND APPLIED RESEARCHES IN PRACTICE OF LEADING SCIENTIFIC SCHOOLS” provides an international and interdisciplinary forum for the dissemination of social science research. We publish original research articles (both empirical and theoretical), reviews, position papers and commentaries on social issues, to inform current research, policy and practice in all areas of common interest to social scientists, practitioners, and policy makers. The journal is an international scientific peer reviewed publication that presents the methodological studies and research of authors from different countries and reflects a variety of scientific schools and topics concerning an interdisciplinary approach in the understanding of fundamental and applied scientific problems. The main principle of the journal is to promote communication between scientists from different countries of the world. The top priorities of journal are research results and the development of cross-disciplinary branches of sciences.

The main research areas are: Psychological Sciences; Social Sciences; Biological Sciences; Historical Sciences; Economic Sciences; Philosophical Sciences; Philological Sciences; Jurisprudence; Pedagogical Sciences; Medical Sciences; Political Science; Physical Education and Sports; Governance; Cultural Studies; Social Communication; Cross-Sectoral Research.
